Write down 5 facts you have learnt from the text.</p>	<p>Mirror Magic – Webex Lesson - Thursday Take a photo of yourself using your camera on the computer. Draw a picture of the photo in your maths book. Second picture go to the mirror in your house. Draw what you see this time. What do you notice that is different between the two pictures?</p>	<p>Make a Word Search – Template in your literacy booklet. Identify 15 2D or 3D shapes. For example: cube, sphere, triangle, prism. Create a word search using these 15 words. There is a template that you can use in your learning pack. Ask a family member to solve your word search. Remember you can go up, down, sideways or diagonal.</p>

PERFORMING ARTS- GRADES 4/5/6 WEEKLY ACTIVITY GRID

(Please complete either ONE or BOTH of the weekly tasks)

Week starting Monday 20th July... Please email any questions/comments/completed work to jacob.rachel@dandywestps.vic.edu.au

DANCE- I can create shapes in dance.

- 1) Watch the video 'A Dancer's Dancing Day'

<https://education.abc.net.au/home#!/media/1648031/a-dancer-s-dancing-day>

Notice how the dancers make different shapes with their bodies.

- 2) Try making **four different shapes** with your own body- try to use **different levels** (high, medium, low), you might choose to include some **balances**. You could video your four shapes and email them to me.
- 3) **Draw** the four shapes you have created using **stick figure** type drawings. Use your laptop camera to take a photo of your drawings and email them to me.

MUSIC- I can create a loop

Use 'google song maker' to create a **loop**.

<https://musiclab.chromeexperiments.com/Song-Maker/>

A loop is a short, repeated section of music. For example; think of Billie Eilish's song 'Bad Guy'- the background music is a loop because it is repeated over and over.

You will need to create a **short pattern** of about **4 counts** and then repeat it over and over about **another 6 or 7 times**. You can include drum beats and melody. Keep it simple! Try creating a few different loops and then email me the one you liked the best.
